

DATA ANALYSIS & SUMMARY REPORT

Project: Supply Chain Management and Financial Impact Analysis

Language: SQL

Tool Used: MySQL

KPI Analysis

- Total Sales Amount: 118005124
- Total Shipping Cost: 5854836
- Product with Highest Gross Profit: Packaging
- City with Highest Sales Amount: Atlanta
- Region with Highest Gross Profit: South Region

Key Findings

- The top 3 selling products are Cleaning & Facility, Packaging, and Tools
- Multi-pack Impact Wrench - 1089 lb generates the highest gross profit
- Tital Systems Inc. is associated with the highest total product cost
- The automotive industry generates the highest revenue

Data Structure

This analysis report is made from supply chain datasets with 4 tables.

- Orders: 100000 records
- Customers: 5000 records
- Products: 2000 records
- Suppliers: 250 records

Recommendations

- Check shipping cost on the Multi-pack Impact Wrench specifically
- Check the reason why the gross profit of the northeast region is lowest
- Investigate why Construction and Food Service are the two lowest sales-generating industries overall.
